BUREL MOUNTAIN ORIGINALS was born with the aim of revitalizing the value of the traditional wealth of the Mountain, so that they're not forgotten but reinvented in a dynamic, innovative way to advance an art, a tradition and a craft.

Our journey began in Manteigas, Serra da Estrela mountain range village, in Portugal, a region of the country conscious of wool the Burel fabric , to bring modern design with a contemporary trait to all the cosmopolitan centers of the world.

It also features a new wall covered with a new 3D woolen stitch to showcase the avant garde in the trend of wall coverings and furnishing upholstery.
