

The background is a complex geometric composition. It features several overlapping shapes: a large black pentagon in the upper center, a teal triangle in the top left, a red triangle in the top right, and a teal triangle in the middle right. The background is filled with various patterns: horizontal black and white stripes, vertical red and white stripes, and a teal and white striped pattern. The overall effect is a dynamic, layered, and visually busy design.

BUREL MOUNTAINS ORIGINALS

It started in 2010 in an abandoned room of the old Império Wool Factory – the Thread Room – in the Portuguese village of Manteigas. Our objective was to work with the most traditional fabric of the local wool industry – burel, with a strong drive to keep alive and also reinvent the value of the region's natural resources, combining the art and know-how of the village weavers with modern design, creating original works with a contemporary trait, that invade homes, offices, hotels, companies, in the shape of carpets, pillows, bed spreads, benches, wall coverings, backpacks, bags...
