**Brand** TIMELESS, OFFICIAL, TRUEMAN

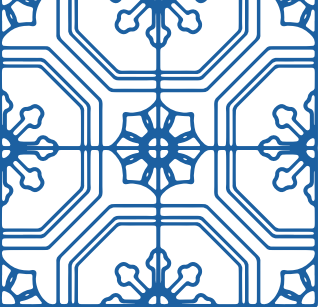

**Description Collection** We are manufacturers of men's medium-high quality underwear in knitted fabrics. We are based in the north of Portugal and our company was established already over 32 years ago, conferring us therefore a great deal of experience and know-how in the field of men's underwear, having come a very long way since our first days of existence to the present condition of highly reputed designers and manufacturers of men's intimate wear, with a wide and varied list of clientele, spread out a little bit all over Europe. Full conception of our collections is completely idealised by our own internal team of experts, which include specialists responsible for a detailed design of all our pieces, to fabric development of all our different qualities, which are knitted indoors in our own knitting plant. Thanks to these very important factors, we are able to twice a year present rich and innovative collections, which prime in irrefutable style and comfort. These collections are for private label (Timeless, Official, Trueman) use, even though, simultaneously with our private label business, we also manufacture some of our client's own lines of products, in full accordance with their own specifications. Our working experience is therefore multi-faceted, which in turn gives us enormous flexibility and ease to adapt. Our clientele is inserted on a scale of many different supply channels, wherein are included department stores, retailing outlets, buying associations, and also speciality stores, amongst others.

**Products End-Uses** Texteils
