The background of the entire image is a detailed wood grain pattern. The grain lines are dark brown and run vertically, with some wavy, organic shapes that resemble knots or natural wood textures. The overall color palette is a range of browns, from light tan to deep, dark chocolate and near-black tones.

Products: SPORTWEAR - Sweatshirts/Sweatpants/Dress/Skirts/T-Shirts/Zip Hoodies, all in knitted. We develop for our clients their collections (they send to us the process with a drawing and we developed the first proto sample until the final collection). We propose to our customers new developments of fabrics, accessories, dying process and sewing. Our research and development department together with our commercial department are an extension of our clients' design teams. The final result can be a simple fabric development, a printing or embroidering technique, or a piece of clothing that will work as a starting point for something else or a final ready to market product. In such a globally competitive sector we are always watchful for change and innovation. We strive to excel with great quality in the materials and finishes innovation. We commit to our clients to always achieve good results and/or find the best solutions for a perfect final product. The goal is to create individual solutions that answer our clients' needs

Certification: SEDEX , Oekotex, OCS, GRS

FROM
PORTUGAL

The background of the image is a repeating pattern of red wood grain on a white background. The wood grain consists of vertical, wavy lines that form a series of concentric, teardrop-shaped rings, characteristic of a tree's growth rings. The lines are thin and closely spaced, creating a dense, textured appearance. The overall effect is a vibrant, monochromatic wood grain pattern.
